

We are introducing you...

## **KAZIMIR BAŽON - General Manager of Lanterna**

A professional career in Riviera Poreč of thirty-eight years and counting hasn't left a single mark on Kazimir Bažon. His co-workers and employees, who have been working with him from his very first day, with great respect describe Kazimir as a nice and charming person who is always ready for humor and jokes. In 1970, his career with Riviera began as the Reception Manager of private accommodations and the Manager of Rivieratours bureau. In 1978 and for the next 21 years he managed Hotel Neptun.

After Hotel Neptun, he was General Manager of Lanterna, followed by General Manager of Hotel Pical and Cluster Borik. For the second time in his career, this year, he again took over the position of General Manager of PC Lanterna and Cluster Lanterna. In addition to being the General Manager of Hotel Pical and Cluster Borik, for the past two years he also has been working as operations deputy director for Riviera Poreč.

"I am especially pleased that during my career I had the opportunity to work with so many people who I am always glad to drink a coffee with and talk about past times. I have spent my entire professional career in Riviera Poreč and therefore I am very attached to the company. I am exceptionally glad that I was able to participate in Riviera's development from its beginnings to today when it has become a significant and esteemed company within the Valamar Hotels & Resorts Group."

During his prosperous career, Kazimir received many awards for his hard work, knowledge and competence, but when you ask him about them, he modestly answers "who can remember them all?"

Let's remind ourselves about some of them, like the many acknowledgements to Hotel Neptun for its quality work and kindness of personnel and to Hotel Pical for its high food quality in the last two years.
