

BIKE CENTER POREČ

NEW IN 2024

Experience great cycling holidays in Istria

The brand-new Bike Center Poreč is a premium one-stop shop for cycling holidays in Istria. Located 10 minutes from the historic gem of Poreč, and at the start of the well-known Parenzana trail, it offers high-quality bike rentals and a comprehensive range of services, from repairs and bike transport to guided cycling tours. Along with mechanical and electric road, gravel and mountain bikes for adults, there is a wide range of kids' bikes and family gear, making it easy for multigenerational groups to prop up all at once. Part of the Bike Center are the pump track, a circular course for all experience levels and a designated kids' track, which makes this an ideal place to warm up and practice before setting off on an exciting cycling adventure around Poreč.

The Parenzana trail

Built in the early 20th century as a narrow-gauge railway, Parenzana runs from Poreč to Trieste, winding through 33 towns and across three countries: Croatia, Slovenia and Italy. Today restored into a 123-kilometres-long cycling and hiking trail, Parenzana makes for a fantastic outing in nature, paired with splendid views of Istrian landscapes and heritage as well as unique cultural insights.
